Why did you choose the two-degree program?

I really wanted to gain a degree from an Australian university, but I wasn't sure about studying overseas. This gives me the best of both worlds! I can gain two degrees whilst being able to stay in Jakarta. If I want to study abroad in the future then I'll still be able to as a two-degree student.

**Why did you choose the
two-degree program?**

I'm from Jakarta, and being able to study for an Australian university degree without leaving my home city gives me so many benefits! I'm able to be close to my friends and family and it also makes studying for my degree so much more affordable. My Dad is a UON alumni so I'm very excited to be following in his footsteps!
