I joined BINUS UNIVERSITY as it offers an international program in my field of passion on a 3+1 track. I can learn about both Indonesian and German cultures, as I am spending my final year at Cologne Business School. BINUS teachers encourage critical thinking and take time to explain difficult theories. I also appreciate active student life on campus. Our clubs often hold large-scale competitions for university and high school students. It is a great experience for me to organize a big event like that.
