THANK YOU Ignatio Rivaldo Runtu and Samuel Christopher Ng!

WELCOME FROM THE RECTOR

Greetings from
the bustling city of Jakarta,
Indonesia!

For more than 40 years, BINA NUSANTARA Group has been well regarded as a knowledge provider contributing services and innovations for stronger Indonesia. BINUS Foundation runs programs from the kindergarten level all the way up to doctoral degrees, building global competencies through local insights. It provides knowledge-based services to the community in multiple forms, including its social corporate responsibility program TEACH FOR INDONESIA.

BINUS UNIVERSITY is one of the leading private higher education institutions with the most accolades in Indonesia. We pride the strong tradition of engaging partners from different walks of life - global companies, domestic industry, international organizations, local NGOs and the government in building and serving the nation (BINA NUSANTARA). We welcome into our education family prospects and partners with high dedication to the vision of BINUS as a world-class knowledge university... in continuous pursuit of innovation and enterprise.

With approximately 43,100+ active students, 15 campuses in Greater Jakarta, Bandung and Malang and expanding, over 90 academic programs conducted with over 240 HEI partners abroad, BINUS is in the forefront of bringing Indonesia to the world and the world to Indonesia. Our university is not only ISO accredited, our current relationship with SAP strengthens our infrastructure to take our institution to greater heights in the 21st century.

We strongly believe that Indonesia is ripe to play a greater role globally in fostering and empowering the society. As leaders from various backgrounds are noticing the resiliency of this largest ASEAN nation, BINUS would like to invite you to join us on our journey of bridging people for innovation and excellence. With the vision of fostering and empowering the society in building and serving the nation, we look forward to our strong partnerships providing education to the youth worldwide for a better future.

Prof. Dr. Ir. Harjanto Prabowo, MM
Rector

BINUS UNIVERSITY

Campuses and Learning Communities

JAKARTA & INDONESIA

Jakarta, home to over 10 million people, is the capital and the largest city of the **thriving Indonesian democracy**. Futuristic skyscrapers, traditional and colonial homes, modern apartment complexes, exclusive shopping malls, traditional markets, places of worship, and survivalist shanties, all coexist in this city. Jakarta is always bustling from the sounds of wheels bringing people to the sights of the economy churning. It is the country's economic, cultural and political center. Next to the inner city business hub, a growing number of museums, galleries, theatres and artisan initiatives invite for **a cultural investigation between a tumultuous past, tradition and modernity**. The city is the seat of the ASEAN Secretariat.

Indonesia is truly a regional business and cultural hub offering vibrant lifestyle, investment, and career opportunities. Today, Indonesia is the world's fourth most populous nation and the world's 10th largest economy in terms of purchasing power parity (The World Bank). The

More about
Jakarta & Indonesia

World Bank also named Indonesia as Southeast Asia's largest economy with an exploding consuming class and the demand for skilled workers. Moreover, Indonesia exhibits **incredible diversity** in linguistic, cultural and religious traditions. Its 17,508 islands enchant with **breath-taking** flora and fauna. Marveling the sights, living the urban and wildlife adventures, and chatting with **welcoming and inquisitive Indonesians** is often the favorite pastime of our visitors from abroad.

PARTNERSHIPS

BINUS UNIVERSITY's close understanding of trends facilitates its unmatched ability to efficiently unfold programs on demand. With BINUS **3+1 enrichment program initiative**, all undergraduates spend one year studying abroad, immersed in a startup incubator, doing an internship, or participating in community development or research projects. This approach ensures that our students are **securing employment** by the time they graduate, most commonly in global companies or as entrepreneurs. We are also present in the community through our professional and volunteering services. Pioneering collaboration, BINUS has initiated the Nationwide University Network in Indonesia (NUNI) facilitating inter-university cooperation within the country.

More about BINUS Global Collaboration Center

Our collaboration areas lay foundation for the 3+1 enrichment program initiative and supporting projects. These are:

- curriculum review
- global learning system (GLS - virtual classroom)
- industry visit
- guest lecture
- seminar and workshop
- faculty exchange
- joint research
- student work exhibition
- student ambassadorship
- student competition
- short program
- student exchange
- student business start-up exchange
- internship
- community development

BINUS GLOBAL is the university's internationalization enabler, partnering with over **240 international universities** spanning five continents. The team also works with other national and foreign stakeholders in pursuing its internationalization strategy of globalizing BINUS, championing Indonesia.

BINUS CAREER serves as a platform to connect employers with our students and graduates. To secure placements, the center utilizes its relationship with over 5,000 organizations and access to 125,400 graduated BINUSIANS.

BINUS ENTREPRENEURSHIP CENTER supports students' innovations through incubation. The department works closely with established **alumni startups, companies, venture capitalists** and other stakeholders to create an entrepreneurial ecosystem.

Joint research can be initiated directly or through the Research And Technology Transfer Office of BINUS UNIVERSITY. We have several **Research Interest Groups** - bioinformatics and data science research center, photonics and computer systems, food biotechnology, BEE embedded research group, performance excellence management, educational technology, intelligent and advance system, curator (cultural and tourism) & cross-cultural communication.

Our intricate networks warrant employment outcomes...

TEACHFOR INDONESIA

POWERED BY BINA NUSANTARA

BINUS' own TEACH FOR INDONESIA empowers communities through teaching, fundraising, disaster recovery, and environmental education with over 23,000 volunteers to date.

STUDY PROGRAMS

**Our 90+ programs
forge globally relevant
and tailored learning
experience...**

More about
our programs

BINUS UNIVERSITY tailors programs to different language groups, interests, education levels, career stages, and budgets. The pedagogical approach centers around the student's holistic development combining market relevant knowledge and a global mindset with entrepreneurship, communication, team work, problem solving and planning skills. The university offers undergraduate, graduate and doctoral programs under the following schools and faculties: BINUS Business School, BINUS ASO School of Engineering, BINUS Northumbria School of Design, BINUS Online Learning, Faculty of Business, Faculty of Computing, Multimedia, & Technology, Faculty of Economics and Communication, Faculty of Engineering, Faculty of Humanities, Double Programs, School of Computer Science, School of Design, School of Information Systems, BINUS Graduate Program, Doctor of Computer Science, and Doctor of Research in Management. Our 1st semester runs from September to February, and the 2nd semester from February to July.

**"Self-motivated exploration
encourages students to try
things out, play with code, and
explore new ideas."**

**Jude JL Martinez (Philippines), MCS
Deputy Head of Program
BI Computer Science**

Next to an impressive portfolio of undergraduate programs in the Indonesian language under BINUS UNIVERSITY, BINUS GRADUATE SCHOOL offers well respected master studies and a doctoral program in computer science.

BINUS ONLINE LEARNING serves as a modern learning platform for working professionals or stay-at-home individuals. The program covers various bachelor and master programs in the Indonesian language attracting over 30,000 active students every semester. Our BINUS UNIVERSITY Learning Community centers beyond Jakarta provide on-site support.

BINUS UNIVERSITY's exclusive GLOBAL CLASS option for undergraduates, delivered under the growing number of departments, offers classes that are conducted fully in English and includes an integrated study abroad experience with respected partner universities.

BINUS GLOBAL manages engaging high quality **special programs** for domestic and international students alongside or outside their regular study period. These are summer schools, internships, cultural immersion and short community development projects.

Since 2001, BINUS INTERNATIONAL as the university's exclusive international campus with a 100% delivery in English, provides programs with a double degree option after one year of study at leading foreign HEIs such as the University of New South Wales, Macquarie University, Victoria University of Wellington, University of Nottingham, University of Newcastle, and Northumbria University. Hybrid-Modular curriculum and CIDER PARK idea incubator support project-based learning.

Affiliated programs BINUS ASO School of Engineering (Japan) and BINUS NORTHUMBRIA SCHOOL OF DESIGN (Britain) take this cooperation in education delivery to new heights. The design school, delivered fully in English, equips students with hands-on experience and creativity sought by the growing Indonesia's fashion industry. The involvement of ASO College Group as an experienced international partner in automotive, robotics, and product design engineering cements our reputation as provider of high quality engineering education delivered in state-of-the-art laboratories. BINUS ASO School of Engineering offers bilingual programs.

Established in 2007, the BINUS BUSINESS SCHOOL and its comprehensive selection of bachelor and master programs in English and Indonesian have been developed to cater to Indonesia's rising demand for highly qualified management personnel in line with the market's emergence as a thriving business hub. The school also offers a Doctorate of Research in Management. BINUS BUSINESS SCHOOL received AACSB accreditation in 2019.

FACILITIES

327 classrooms on our strategically located campuses throughout Greater Jakarta, Bandung, Malang and BULCs are equipped with air conditioning and ICT infrastructure. Well numbered maintenance and security teams integrate **safety** into our daily lives.

Our campuses also provide:

- cozy **wired open spaces**
- **auditoriums** seating up to 1,000
- 183 science, engineering, design, fashion, film, media, and law **laboratories with the latest software and equipment**
- BINUS restaurant operated by Hotel Management students
- **Library** with 8 branches holding 110,000 titles of books journals, multimedia and other materials in hard copy or online
- **cafeterias** with multiple vendors

BINUS SQUARE is the university's **residence hall** accommodating up to 2,500 students and visitors at a reasonable cost and in a comfortable, dynamic and safe environment. The dormitory includes:

- 4 single gender towers each with 17 floors
- 1,500 single and twin rooms with internet access
- cafeteria with multiple vendors, coffee shop, convenient store open 24h, gym, swimming pool, and laundry facilities
- **shuttle system** linking BINUS SQUARE residents to all campuses
- **chip ID card** access for ensured safety

Our cutting edge facilities enable an inquiring mind...

STUDENT LIFE

LEISURE TIME

Bountiful activities animate students' leisure time. Campus-wide lecture series, such as the BINUS Festival, discuss globally relevant topics. To support character building and entrepreneurial skills, student batches participate in community impact field trips or display their innovations to the BINUS community.

Running student organizations - study program associations, activity clubs, and interest communities, **BINUSIANS actively shape their free time.** Each study program has a student association, serving as a bridge between students and the program management. Activity clubs cover music, dance and sports (football, badminton, swimming, aikido, etc.). Interest communities among other may revolve around faith or volunteering. **BINUS SQUARE student committee** organizes activities for the borders including fundraising events, sports activities, music classes, and culture sharing.

STUDENT SUPPORT SERVICES

Students feel home away from home at BINUS as they are assisted with any transition processes. BINUS SQUARE as the university's residence hall has a 24 h on-call service and staff regularly organizing excursions and soft skill workshops for students. BINUS CAREER and BINUS ALUMNI CENTERS ensure that students network for employment and entrepreneurship opportunities.

INTERNATIONAL OFFICE and dedicated international student engagement staff facilitate academic orientation and social gatherings and assist students throughout their stay with housing, administrative questions, academic advice and social gatherings. The dynamic peer-to-peer **iBuddy** program helps with settling into BINUSIAN and Jakarta lifestyles as well as departing.

SCHOLARSHIP

BINUS WORLD CLASS SCHOLARSHIP

BINUS World Class Scholarship rewards international students at undergraduate level demonstrating academic excellence and leadership skills. The scholarship applies to undergraduate programs in English at BINUS INTERNATIONAL, BINUS NORTHUMBRIA SCHOOL OF DESIGN, as well as to graduate program - Masters of Management (MM) Professional.

THE SCHOLARSHIP COVERS:

1. 100% tuition waiver for designated study programs at BINUS
 - 4 years for undergraduate students - including 4+0 program
 - 1,5 years for graduate students
2. Accommodation at BINUS Square (BSQ) - Hall of Residence:
 - Standard Double Room for undergraduate students
 - Guest Room for graduate students
3. Free shuttle bus service
4. Health benefit (Insurance)
5. Visa and stay permit refund benefit (VITAS/KITAS only)

SCHOLARSHIP ELIGIBILITY:

Undergraduate:

- High school graduate - Grade 12 with GPA 3.0 out of 4.0 (75%)
- A-level certificate (BBB)/IB Diploma (32 points)
- IELTS 6.0 (on all components), or equivalent

Graduate:

- University graduate
- 2 years of minimum working experience
- IELTS 6.0 (on all components), or equivalent

SCHOLARSHIP RENEWAL REQUIREMENTS:

1. GPS (Grade Point Average for a Semester) 2.75 out of 4.0
2. Fulfilled ambassadorship requirements

SCHOLARSHIP APPLICATION DOCUMENTS:

1. Admission Form
2. Transcripts of grades 10 - 12
3. High school diploma/Senior high national exam certificate
4. English Test Score Results (plus Indonesian language proficiency proof for BASE)
5. Colour copy of passport personal page (valid for the full duration of the study)
6. ID photograph 4x6 cm (300 kb; electronic version)
7. Scanned TOEFL or IELTS score certificate (or other English Proficiency Tests) obtained within the last 2 years.
8. CV - Curriculum Vitae.
9. Motivation letter - explaining why you are interested in joining BINUS University and why you are the best candidate.
10. Proof of financial competency beyond scholarship (official letter from the bank confirming a minimum balance of USD 4,500 in applicant's account).
11. 2 recommendation letters (from teachers/employers/community leaders).
12. Proof of achievements (academic/non-academic and/or related work experience).
13. Portfolio (for Graphic Design and Fashion Management program applicants)

PARTNER TESTIMONIALS

LIANAWATY SUWONO

Director

PT Bank Central Asia Tbk., Indonesia

Thumbs up for BINUS' commitment in preparing younger generation for the future workforce through the 3+1 program. Students gain first-hand learning experience working at the best companies in Indonesia. Aside from the learning experience, students are also expected to contribute to the company. BCA is honored to host BINUS UNIVERSITY students during the 3+1 program, and we admire the hard work put into their efforts. Their knowledge and skills really impressed us, as well as their positive behaviour and attitudes. BINUS really has prepared them well. Students have given meaningful contributions for BCA. BINUS UNIVERSITY has strongly shown that they care about the future of their students. Hopefully there will be more education institutions in Indonesia that do the same for our younger generations, and we hope that BINUS stays committed in educating the nation.

JOHN MOLONY

Pro Vice-Chancellor (International)

Deakin University, Australia

BINUS is a leading private university in Indonesia with a strong international orientation. It plays a vital role in Indonesia's economic development as it continues to educate the next generation of leaders. From a mobility perspective, BINUS provides opportunities for Deakin students in the fields of business and IT, through intensive short programs. Additionally, Deakin and BINUS also exchange semester long students for longer academic programs and cultural immersion. This partnership has fostered stronger institutional, academic and student relationships, alongside enhancing cultural understandings and cross cultural communication between Indonesia and Australia.

JULIE BERGUES

Head of International Relations

Institut des Stratégies et Techniques de Communication, France

BINUS UNIVERSITY has a remarkable reputation among our French students. Our students greatly appreciate the fact that BINUS UNIVERSITY is very internationalized, and that the BINUS students are eager to bind with the international students. They also get to experience the culture with locals and made a lot of contacts with Indonesian students. In addition, BINUS UNIVERSITY also offers good quality courses. I also find that students coming from BINUS UNIVERSITY for an exchange program at ISTC always have very good academic background.

STUDENT TESTIMONIALS

RUWAIDA MOHAMED

'21 (Kenya)

International Business, BINUS INTERNATIONAL

It has been a great experience overall here at BINUS. It is a truly global university where students receive personalized learning experiences, tailored to their specific needs. Faculty members are highly knowledgeable and always available for help. What I like most about BINUS is that there are always events and activities organized by students from various clubs & societies. The campus is always alive and friendly!

LAY ACHEADETH

'23 (Cambodia)

Computer Science, BINUS INTERNATIONAL

I've always been interested in I.T. and computers. BINUS UNIVERSITY happens to be well-known for its Computer Science program. The admissions team and the faculty members have been very supportive in making my final decision to come study in Indonesia. I'm also lucky enough to receive the BINUS World Class Scholarship where my tuition fees, accommodation, and much more are paid for. Thank you, BINUS, for helping me achieve my dream!

JUN HA CHOI

'20 (South Korea)

International Accounting and Finance, BINUS INTERNATIONAL

My experience at BINUS had been great. I made friends quickly. When I first joined I remember seniors being friendly, always ready to give advice. Lecturers teach well taking the extra time to guide our individual and group work. The campus is very clean with a very professional look. Sometimes I felt like I had started working in an office already! At BINUS UNIVERSITY, I joined extracurricular activities organized by campus. I also had a chance to get off campus to meet the locals, watch music performances, visit the gym, and nearby eateries around the campus.

KJELL ANDREAS ZEILERNORDRUM '16 (Norway)

International Business, BINUS INTERNATIONAL

Always looking for a new challenge and after living around the world with my family, I went to Asia. With the ASEAN region integrating and the Asian economy growing, it was a great opportunity to come to BINUS with teachers from all over Asia and many other countries. Students are imparted a vast range of experiences, insights to other cultures and prepared for the ever-changing conditions. At BINUS INTERNATIONAL students work with diverse teams and meet people from all over the world. Being an international business student interested in entrepreneurship, BINUS was the perfect choice as many of the teachers have their own companies and can link the practical world with the theoretical, giving you unmatched preparation after graduation. For anyone looking to work, do business or learn more about Asia there is no better choice than BINUS.

CHRISTOPHER DAVID SASABONE '18 (Indonesia)

Product Design Engineering, BINUS ASO SCHOOL OF ENGINEERING

Studying at BASE has really helped me learn about the world of engineering, not only do we get to visit and stay in Japan for a month as part of our program, but we also get to learn from their engineering perspective and design. I also like the fact that the program is taught in both Bahasa Indonesia and English, that way I can use my knowledge for both languages in real life.
