# BINUS INTERNATIONAL at a Glance

BINUS INTERNATIONAL, established in 2001, understands the future needs and the pressure of globalization on businesses and the job market.

BINUS UNIVERSITY, our sister university, has more than 40 years of experience in providing leading education. BINUS INTERNATIONAL adds an international flavor to that experience, and can serve as an alternative to studying abroad.

It provides high quality education by combining BINUS UNIVERSITY's industry-relevant teaching with international education through partnerships with reputable overseas universities. By immersing in our culturally diverse education environment, our students gain memorable and valuable learning experiences to carry them forward in their careers for many years to come.

With a dual-degree system, BINUS INTERNATIONAL enables students to obtain two undergraduate titles at the end of their programs (a Sarjana qualification from BINUS INTERNATIONAL and a Bachelor's degree from our university partners).

## VISION

“A world-class knowledge institution in continuous pursuit of innovation and enterprise”

## MISSION

We are committed to developing people with the knowledge, skills, and attitudes attained by delivering international quality education and relevant research for the advancement of our stakeholders.

Pursuant to this mission, we are continuously aiming to:

- Meet stakeholders' expectations
- Provide academic, professional, and service excellence
- Promote high quality research
- Build strong corporate connections
- Gain international recognition and accreditations

# Get Your National and International Degree In 4 Years with Our Programs

## TWO-DEGREE PROGRAM (4+0)

The two-degree program is a collaboration program between the University of Newcastle (UoN), Binus University, and Nurture Higher Education (UK), which have partnered to offer a unique joint teaching program for Indonesian students. This initiative enables students to complete business and commerce subjects and receive bachelor degrees from both universities, delivered entirely in English at the Binus University campus in Jakarta. This program is better known as the 4+0 program, where the students still can get their two-degree, national and international degree by studying for four full years in Indonesia.

### Introducing the Two-Degree Program 4+0 with the University of Newcastle

### Why UoN? UoN performance on the world stage:

Top 200 university in world

Top 200 15 subjects ranked in the top 200 in the world

95% of our research is at of above world standard

No. 1 University in australia for industry collaboration

## DOUBLE DEGREE PROGRAM (3+1/2+2)

The Double Degree program is a program offered by Binus International, where students can get double degree at once in a short time period by two different universities. This program gives the opportunity for their students to enroll in two majors at the same time based on their individual preferences, with a study duration one or two-year study abroad, so the students will graduate with a double degree: a national degree (Sarjana) from Binus International and an international degree (Bachelor) from a partner university. These Binus partners come from various countries, namely Australia, the UK, Germany, New Zealand, China, South Korea, and France. Students will gain new experiences and knowledge from other countries and of course can get the opportunity to work in other countries.

Our partner universities:

# Why BINUS INTERNATIONAL

## AT A GLANCE

### WHY BINUS INTERNATIONAL

### STUDY LIFE AT BINUS

### THE DIFFERENCE

#### TOP RANKED UNIVERSITY

Binus University has been awarded the World's 5-Star University by QS and also Top World's Ranking University by QS World Rankings and Times Higher Education.

#### "A" ACCREDITATION

The instiTuition is accredited 'A' from the National Accreditation Agency for Higher Education of the Republic of Indonesia and has a 4-Star Rating for Excellence.

#### AACSB ACCREDITED

AACSB is the highest accreditation recognition for international business study programs. Only 5 percent of all business schools have received this, while in Indonesia only two have received it.

#### SMALL CLASS

Binus University prides itself in engaging in a small class concept for personalized teaching with a global mindset.

#### JOINT/DOUBLE DEGREE

All Programs in BINUS International have a Joint/Double Degree with a Sarjana from BINUS and a Bachelor. We offer the Two-Degree and Double-Degree as a BINUS International uniqueness.

#### GLOBAL EMPLOYABILITY

It is consistently recognized for having the best graduates for the global employability ranking.

#### CBD LOCATION

Located in the safe CBD area of Jakarta as the capital city and hub for digital and commercial, Binus University is the right place for a global network.

#### GLOBAL PARTNER UNIVERSITIES

Binus has a strong and diverse network with many top-ranking universities in the world. There are more than 70 partner universities around the world. BINUS International is not only partnered with other universities but it also provides students with the chance to have the same experience of studying abroad.

# Study Life at BINUS

## **BINUS SQUARE**

Located in the Kemanggis area of West Jakarta, Binus Square has four halls with 1500 rooms that can cater to 2300 students. Equipped with high-speed Internet access, a swimming pool, shuttle services, gym, minimart, lounge, and high-security, it's a home away from home.

## **iBUDDY AND STUDENT CLUBS**

iBuddy is an international student integration program that is created to support our international students to adapt with BINUS, Jakarta, and Indonesia. With more than 100 student activities in various fields such as sports, hobbies, media, and spiritual activities – you will enjoy a variety of activities of life off campus.

## **VIBRANT CITY LIFE**

Jakarta is prominent for its vibrancy and sociable lifestyle. With various avant-garde culinary dishes, a culture center, and activities that can be found nearby, one will never be bored in exploring the city

# International Business

The International Business program offers Double Degree, Study Abroad, or Master Track programs with various international partner universities to encourage students to maximize their competencies in business-related content in an international environment. The experience of learning and traveling creates working opportunities through global internships and prepares our students to develop their cross-cultural skills as potential managers and professionals.

The program is taught by well qualified academics from some of the most prestigious business schools and with rich industry experience, while extensively drawing upon the teaching experience of its international collaborative partner universities. Located in the heart of Jakarta, it is the right place to innovate, inspire, and build networks. Our

international learning experiences prepare our graduates to successfully engage with prestigious SMEs and multinational organizations.

# Business Management and Marketing

At the strategic level, marketing is responsible for spotting opportunities by understanding consumers and the competition, in order to develop appropriate offerings for the market. At the tactical level, marketing is responsible for designing the right product, price, distribution, and communication strategy to ensure business success in meeting the market's needs. Studying business management and marketing provides a powerful tool for any aspiring business owners, CEOs, and CMOs to be leaders in their industry.

As one of the fastest growing digital economies in the world, Indonesia has been a haven and will continue to be the next hotspot for digital business start-ups. The Business Management and Marketing program emphasizes the digital aspects of business and marketing to respond to

the thriving and dynamic startup scene in Indonesia, as we prepare our students to have an entrepreneurial mindset and agility in welcoming global competition.

# Finance

The Finance program will provide students with an international academic environment with skills and knowledge in innovative finance strategies for business creation and financial solutions with data analytics.

Our degree offers international exposure through a double degree program, student exchange, and master track program from international partners. Besides degrees, we also expose students to the international environment by engaging them with students from around the world as well as in multinational and international firms through simulation classes and internship opportunities.

Students will also learn from world-class faculty with rich industry experience and have easy access to the financial industry

## Career Opportunities

Due to the rapid growth of fintech trends, our degree focuses on expertise in specific functional areas of finance that align with the digitalization of business. This creates recent and future career opportunities in Business Finance that include:

- Business Consultant
- Financial and Investment Advisor
- Business Development Manager
- Start-Up Founder
- CFO
- Innovative Finance Specialist

# Communication

Communication has three study programs: Journalism, Public Relations, and Entertainment Communications. Each provides an extensive knowledge of communication theories, practices, and technologies in the growing media industries. We focus on student-centered learning to explore students' individual potentials. The students will be taught by leading names in media and communications. They will also have the opportunity to collaborate with industry professionals in journalism, public relations, and entertainment fields. Students will develop skills that they can use in the media and communication field in all industries.

## Career Opportunities

- Content Specialist
- Social Media Specialist
- Digital Content Writer
- Event / Media Planner
- Public Relations Specialist
- Copywriter
- Digital Journalist
- Entrepreneur

### JOURNALISM

The program provides theories and practices in all aspects of journalism: writing, interviewing, reporting, editing, broadcasting, basic photography, and videography to learn to plan, create, and publish content in various media platforms.

### PUBLIC RELATIONS

The program provides theories and practices in all aspects of public relations; writing for public relations, creating campaigns and projects, and conveying messages to the public for media monitoring and negotiation skills and knowledge to be applied for different stakeholders.

### ENTERTAINMENT COMMUNICATIONS

The program provides theories and practices in all aspects of entertainment communications: planning and creating events, writing for the entertainment industry, and doing event promotions.

# Computer Science

The Computer Science program has been dedicated to offer the highest standard of computer science education since its establishment in 2001. The program has a range of focused courses, called streams, at the undergraduate level. Each stream is aimed to build not only a strong conceptual knowledge in computer science, but also well-defined IT industry skill-sets, including General Computer Science and Pervasive Games Technology.

The program is not only concerned with the academic quality of the program, but it also prepares students for their future careers by providing them with opportunities to obtain professional certifications and with work experience in internships with industries and managed internship programs.

While in the internship with an industry program, students spend a certain period working full-time at a company site. In the managed internship, the students work on the project brought by a company to the school at the school site.

# Business Information Systems

In today's businesses, Business Information Systems play a pivotal role. The Business Information Systems program is developed to equip students with competencies in developing and managing computer technology to support the business world. It is a unique combination of computing knowledge and business skills that has been developed to provide the students with competencies of managing enterprise information systems, cloud-based technology, database, programming, business processes, project management, and IT (information technology) auditing. Its graduates will possess the skills and insights needed to understand both business processes and the technologies available to support them. They will play an important role in delivering technology solutions to the market place by systematically recognizing and translating business needs into technology-based solutions.

## Career Opportunities

7. Certificate of collecting diplomas and SKHUN.
8. Statement letter not involved in abuse narcotics and illegal drugs.

Note: Equivalency process maybe required for some applicants. It is not required if the applicant has completed 12 years of formal education and able to provide high school completion certificate/diploma or equivalent. The process takes 1 month from application to issuance (BINUS can help process).

## Entrance Test (Test Potensi Keberhasilan Studi)

- Prospective students are required to take an entrance test according to the schedule stated on the Entrance Test Card.
- Prospective students are required to bring the Entrance Test Card, which can be downloaded through the online registration and the required stationery. Prospective students must wear clean and polite clothing and shoes.
- Prospective students must be present 30 minutes before the Entrance Test begins.
- The Entrance Test Materials are a Non-Verbal Logic & Abstraction Test and a Verbal Test.
- The Entrance Test results is confidential and final.

## Announcement of the Results

Prospective students who take the entrance test can check the result via Online Admissions ([www.binus.ac.id/daftaronline](http://www.binus.ac.id/daftaronline)). If they pass the Entrance Test, the prospective students should complete the re-registration steps through the Online Admissions or directly go to the Admissions office.

### IMPORTANT!

BINUS UNIVERSITY only accepts candidates who enroll in accordance to the rules applied in this institution. BINUS UNIVERSITY is also not responsible to any risk that may arise in relation with illegal persons who offer a guaranteed help and service and claim themselves as an "insider" or "related to an insider" in an effort to enter BINUS UNIVERSITY. We suggest that prospective students not be persuaded by a 'promising' offer from an irresponsible illegal person.
