WELCOME TO BINUS UNIVERSITY INTERNATIONAL

THE OLDEST INTERNATIONAL CAMPUS IN THE COUNTRY!

Since 2001, BINUS UNIVERSITY INTERNATIONAL (BI) has been providing world-class international undergraduate programs delivered fully in English in partnership with the leading foreign higher education institutions in Australia, Asia, Europe and the U.S. As the university’s exclusive international campus (JWC and FX) in the Senayan business district, BI hosts double degree (4+0, 3+1, and 2+2) undergraduate programs of:

- AACSB accredited BINUS BUSINESS SCHOOL (BBS)
- Faculty of Computing and Media
- Faculty of Economics and Communication
- BINUS NORTHUMBRIA SCHOOL OF DESIGN (BNSD).

These are 4-year programs running a 3+1 Enrichment Program where students study overseas, volunteer, conduct an internship, research project, or participate in an incubator over 2 semesters to complement their classroom knowledge with real-life experience. On top of that, the hybrid-modular curriculum and CIDER PARK idea incubator facilitate integrative project-based and solution-oriented learning. The following majors are available:

- Computer Science
- Business Information Systems
- Communication
- Finance International Program
- International Business
- Business Management & Marketing
- Fashion & Graphic Design.

Streamings (specializations within the major are plentiful.)

BI programs are the oldest international programs in the country with rigorous quality standards. This reputation is spreading internationally with BINUS hosting some 600 visiting international students annually and a growing number of full degree international students coming from over 30 countries around the world, mainly from Asia, Africa, Europe, and the Middle East. Alongside a number of other support departments, dedicated International Student Recruitment unit and International Office support students from the academic and engagement perspective throughout their stay at BINUS.

*3+1 pathway is also available for the streamings above.
There are two distinctive programs that offer Bachelor of Computer Science (S.Kom.) degree:

**Business Information System**

The ability to be the link between technology and the customers is a rare qualification in IT industry nowadays. Combining international quality curriculum with embedded entrepreneurship and innovation subjects, the program opens to its graduate endless opportunities from being a world-class information system professional to a well-equipped business start-up entrepreneur. The industrial internship program provides students with real experiences in the workplace and leverages their ability to cope with the international working environment. In addition, a series of trips support individual career aspirations and may provide social and professional networks.

**Computer Science**

The program has a range of focused courses, called streams, at the undergraduate level, including pervasive software engineering, games design & programming, cloud and distributed systems, technopreneurship, intelligent systems, data science, ethical hacking, and more. The program provides the students with the technical, entrepreneurial, and specialized skills needed to develop and design applications across modern platforms, such as cloud, the web, and mobile, in a rapidly changing IT environment. Students experience a vast range of innovative learning processes, including blended learning, experiential, flipped classroom, hackerspace/makerspace and others.

**Career Outlook**

Web Developer, Software Engineer, Network Administrator, Computer Security Professional, Multimedia Systems Developer, Games Developer, Technical Artist, Database Developer, IT Sales Engineer, Business Application Developer, IT Project Planner, Program Analyst.
BINUS enjoys a strong reputation for its business programs resulting partly from its close ties with the industry and continuous international benchmarking efforts. As a result, BINUS BUSINESS SCHOOL (BBS) has been accredited with the highly coveted qualification bestowed on the top business schools around the world by AACSB (Association to Advance Collegiate Schools of Business) in 2019. BBS continues to work in partnership with business schools around the world to offer students the opportunity to enjoy the highest standards of teaching while experiencing the vibrancy of Indonesia's growing economy. Our partnership with the University of Newcastle, Australia, ranked top 200 in the world and top 10 in Australia for Business and Commerce courses, offers a Two-Degree program (4+0) for our business management courses and finance course. It provides an opportunity for students to gain both BINUS and University of Newcastle degrees at the same time, at a lower cost.

There are three distinctive programs that offer Bachelor of Economics (S.E.) degree.

**Bachelor of Economics programs under AACSB-Accredited BINUS BUSINESS SCHOOL:**

**Business Management & Marketing**

The program emphasizes mastery of key business management and marketing concepts, technology, and tools required by future professionals. The program equips students with basic scientific business management and marketing paradigms, theoretical frameworks, applied skills, and familiarity with contemporary technology to support their competence as future leaders in business. Lecturers maintain continuous cooperation with many first-class companies in Indonesia to ensure relevant guest lectures, internships, and consulting thesis projects.

**International Business**

International Business program (IB) is designed to encourage students to excel their competencies in business-related content in an international environment particularly in the region of ASEAN. Students will be given the opportunity to join the P2A (Passage to ASEAN) study tour to different ASEAN countries to learn about many things starting from culture, people, social life, economic practices, etc. Students are also exposed to global business applications and practices from around the world. The program is taught by well-qualified academics from some of the most prestigious business schools and with rich industry experience.

**Bachelor of Economics program under the Faculty of Economics and Communication:**

**Finance**

The program is the first in Indonesia to adopt the International Financial Reporting Standards in all Financial Accounting teaching materials and implement the student-centered learning approach to improve critical thinking as well as business communication skills. Built on internationally and professionally benchmarked process for program design and delivery, the program delivers graduates ready to compete on the international stage. Students have access to CIMA and CPA Australia accreditation.

**CAREER OUTLOOK**

International Brand Manager, Assistant Export Manager or Import Management, Management Trainee in MNCs, Assistant International Marketing Development, Assistant HR in MNCs, Assistant Financial Manager in MNCs, Trade Development Officer, International Account Executive, etc.
The Communication program at BINUS UNIVERSITY INTERNATIONAL provides extensive knowledge of digital and non-digital communication skills, practices, and technologies as an integral part of creating an efficient message to the target audience in an expanding new media, as well as social, cultural, and ethical knowledge to create responsible communication.

There are three distinctive streams that lead to the Bachelor of Communication (S.Ikom.) degree:

**Journalism**
The stream covers theories and practices in all aspects of journalism, including writing, interviewing, reporting, editing, broadcasting, basic photography, and videography. Students have an opportunity to interview personalities relevant to current affairs and the field of their passion. Classes such as Media Interview Technique and Broadcast allow exploration of the journalism field with hands-on assignments.

**Public Relations**
The stream covers theories and practices in all aspects of public relations, including writing for public relations, creating campaigns and projects, and conveying messages to the public. Students have an opportunity to explore press conferences and talk to brand managers in various industries. The Public Relations stream will enable students to explore public relations in creative, corporate, as well as governmental areas.

**Entertainment Communications**
The stream covers theories and practices in all aspects of entertainment communications such as planning and creating events, writing for the entertainment industry, and doing event promotions. Throughout the studies, the students are given an opportunity to explore the entertainment industry, with a special focus on social media and events. It is about finding or creating income opportunities within the creative industry from an artist’s perspective as well as that of a manager.

**Career Outlook**
Corporate Communications Specialist, Digital Marketing Strategist, Journalist, Producer, Creative Director, Event Manager, etc.
The program is tailored as a Dual Award (4+0) program, where all students learn combined units from BINUS and Northumbria University of UK. Upon graduation, students will receive both Bachelor of Arts (S.Sn.) from BINUS and Bachelor of Arts from Northumbria University, Newcastle upon Tyne, United Kingdom.

BINUS Northumbria School of Design (BNSD) is designed to prepare students for professional practice in both corporate and entrepreneurial setting. Supported by excellent well-maintained facilities and labs, our design students can develop their skills and competencies in a high standard learning environment. In helping to launch and expose our students’ innovative work to the world, BNSD also takes part and creates yearly events for students to showcase their masterpieces. Selected student work may be showcased during the yearly Jakarta Fashion Week or other design-focused events.

There are two distinctive programs that lead to the Bachelor of Arts (S.Sn.) degree:

**Fashion**
Fashion is one of the most lucrative industries in the world involving millions of workers. One indispensable role is the creator. To capture buyers in a highly competitive market, fashion designers must challenge creativity in composing new and fresh approaches to energize their products. This undergraduate program is designed for creative thinkers interested in transforming their ideas and vision into fashion design products. Learning is supported with state-of-the-art laboratories such as textile experiment room and the garment production workroom. The Fashion Management students focus on the knowledge of fashion business strategy and promotion, with graduates able to develop both creative products and manage fashion businesses.

**Graphics Design & New Media**
Everything that needs to be visually communicated to audiences - such as products, services, company images, and campaign messages - needs a graphic design process to create the visual representation of ideas and relay them to audiences for the desired impact. As the advertising industry develops, the need for capable graphic designers is more than ever. Computer labs and the photographic studio are among the laboratories supporting student learning. Interactive Digital Media streaming focuses on producing meaningful experience for people in the new digital media such as web pages, smartphones, UI devices and screen-based interface designs.

**Career Outlook**
Fashion Professional, Fashion Designer, Fashion Consultant, Entrepreneur, Graphic Designer (Graphic Design Houses, Creative Houses, Art Galleries), Brand Development Consultant, Corporate Communication Consultant, Entrepreneur, Freelancer, etc.

Notes
All students are expected to have their own computer.
¹ The food and leisure cost above is the minimum prediction and depends on your lifestyle.
² All students are required to have a health insurance unless they can show proof of insurance plan valid in Indonesia. The health insurance only covers basic healthcare. Students must prepare extra emergency funds for special health conditions that are not covered by the provider. For further information, please contact felicia.margaretha@binus.edu.
³ Students switching sponsor or entering Indonesia on short term visa need to apply for VITAS in a nearby country (process that takes 1 week with related flight and hotel costs); two exits out of the country may be required.
⁴ Indonesian Temporary Stay Permit (ITAS) process requires Telex, VITAS, MERP (Multiple Re-Entry Permit) as well as the ITAS itself.
⁵ The fee stated is for 2-year ITAS validity period. Shorter ITAS validity durations have different fees applied.

VISA TIMELINE

Study Permit

E-Visa

ITAS**

BINUS submits request to the Indonesian Education Ministry

Student submits request to the Indonesian Embassy or Consulate General

Student/ BINUS submits request to the immigration

*longer process for calling visa and delicate countries
**after arrival

The whole visa process can take up to 1-3 months in total, if students have submitted the complete documents.

IMPORTANT NOTES:
• Indonesian law does not allow employment of foreigners under student visa.
• Students must present themselves to the locally governed immigration office to process biometric record and obtain their ITAS.
• Should there be any mandatory quarantine from the government, applicants needs to cover the quarantine fees on their own.
All students are expected to have their own computer.

1. The food and leisure cost above is the minimum prediction and depends on your lifestyle.

2. All students are required to have a health insurance unless they can show proof of insurance plan valid in Indonesia. The health insurance only covers basic healthcare. Students must prepare extra emergency funds for special health conditions that are not covered by the provider. For further information, please contact felicia.margaretha@binus.edu.

3. Students switching sponsor or entering Indonesia on short term visa need to apply for VITAS in a nearby country (process that takes 1 week with related flight and hotel costs); two exits out of the country may be required.

4. Indonesian Temporary Stay Permit (ITAS) process requires Telex, VITAS, MERP (Multiple Re-Entry Permit) as well as the ITAS itself.

5. The fee stated is for 2-year ITAS validity period. Shorter ITAS validity durations have different fees applied.
